

ATC 2020
Virtual Congress
Oral Abstract Session Titles

Topic - 1	Topic - 2	Session Title
Basic Science		Xenotransplantation
Basic Science		Histocompatibility & Immunogenetics
Basic Science		Biomarkers, Immune Assessment and Clinical Outcomes I
Basic Science		Biomarker Discovery & Immune Modulation
Basic Science		Basic: Acute Rejection
Basic Science		Basic: Ischemia Reperfusion & Organ Rehabilitation I
Basic Science		Biomarkers, Immune Assessment and Clinical Outcomes II
Basic Science		Immunosuppression Pre-Clinical Studies
Basic Science		Endothelial Cell Biology
Basic Science		Biomarkers, Immune Assessment and Clinical Outcomes III
Basic Science	Pancreas	Islet / Cell Transplantation
Basic Science		Antigen Presentation/Allorecognition/Dendritic Cells
Basic Science		Ischemia Reperfusion & Organ Rehabilitation II
Basic Science		Biomarkers Immune Assessment & Clinical Outcomes - IV
Basic Science		Cellular Therapies, Tissue Engineering / Regenerative Medicine
Basic Science		B-cell/ Antibody/Autoimmunity
Basic Science		Ischemia Reperfusion & Organ Rehabilitation III
Basic Science		Biomarkers, Immune Assessment and Clinical Outcomes V
Basic Science		Lymphocyte Biology: Signaling, Co-stimulation, Regulation
Basic Science		Innate Immunity, Chemokines, Cytokines, Complement
Basic Science		Tolerance / Immune Deviation
Basic Science		Biomarkers, Immune Assessment and Clinical Outcomes VI
Infectious Disease		Antimicrobial & Diagnostics Stewardship
Infectious Disease		Donor Derived Infections
Infectious Disease		Kidney Infections Excluding Polyoma & Viral Hepatitis
Infectious Disease		All Organs Viral Hepatitis
Infectious Disease		CMV & Herpes Viruses
Infectious Disease		PTLD/Malignancies
Infectious Disease		Kidney Polyoma
Infectious Disease		PTLD & Malignancies
Infectious Disease		Infection Potpourri

ATC 2020
Virtual Congress
Oral Abstract Session Titles

Topic - 1	Topic - 2	Session Title
Kidney		Kidney Acute Antibody Mediated Rejection
Kidney		Kidney Deceased Donor Allocation I
Kidney		Kidney Paired Exchange
Kidney		Kidney Immunosuppression: Induction Therapy
Kidney		Kidney Living Donor: Other I
Kidney		Kidney Deceased Donor Selection I
Kidney		Kidney: Cardiovascular and Metabolic Complications I
Kidney	Pediatrics	Kidney Pediatrics
Kidney		Novel Immunosuppression: Belatacept
Kidney		Kidney Chronic Antibody Mediated Rejection
Kidney		Kidney Deceased Donor Allocation II
Kidney		Kidney Living Donor: Selection
Kidney		Novel Tools to Assess Immunosuppressive Efficacy
Kidney		Kidney Complications: Non-Immune Mediated Late Graft Failure
Kidney		Kidney Deceased Donor Selection II
Kidney		Kidney: Cardiovascular and Metabolic Complications II
Kidney		Kidney Living Donor: Long Term Outcomes
Kidney	Liver	Immunosuppressive Drug Minimization
Kidney		Kidney Complications: Immune Mediated Late Graft Failure
Kidney		Kidney Deceased Donor Selection III
Kidney		Acute Cellular Rejection
Kidney		Kidney Living Donor: Other II
Kidney		Kidney Technical
Kidney		Kidney Psychosocial
Kidney		Kidney Immunosuppression: Desensitization
Liver		Liver: Portal Hypertension and Other Complications of Cirrhosis
Liver		Hepatobiliary Surgery and Liver Transplant Potpourri
Liver		Liver: MELD, Allocation and Donor Issues (DCD/ECD) I
Liver		Liver: Immunosuppression and Rejection
Liver		Liver: Hepatocellular Carcinoma and Other Malignancies I
Liver	Kidney	Kidney Issues in Liver Transplantation

ATC 2020
Virtual Congress
Oral Abstract Session Titles

Topic - 1	Topic - 2	Session Title
Liver		Liver: Hepatocellular Carcinoma and Other Malignancies II
Liver		Liver Replantation and Other Complications
Liver		Liver: Living Donors and Partial Grafts I
Liver		Liver: Recipient Selection
Liver		Liver: Living Donors and Partial Grafts II
Liver	Pediatrics	Liver: Pediatrics
Liver		Liver: MELD, Allocation and Donor Issues (DCD/ECD) II
Heart		Heart Transplantation Antibody & More
Heart		Heart Transplantation: It's All About the Outcomes
Heart		Heart Transplantation: Allocation, Allocation, Allocation
Lung		From Bench to Community to Bedside in Lung Transplantation
Lung		Living in the Real World: Decision Making and Outcomes after Lung Transplant
Lung		Lung: Let's Start at the Beginning: Pre-Transplant Decision Making & Access to Lung Donors
Pancreas		Pancreas and Islet: All Topics I
Pancreas		Pancreas and Islet: All Topics II
Intestinal		Intestinal Transplantation
VCA		Vascularized Composite Allograft
All Organs		Surgical Issues
All Organs		Deceased Donor Management and Intervention Research
All Organs		Quality Assurance Process Improvement & Regulatory Issues I
All Organs		Quality Assurance Process Improvement & Regulatory Issues II
All Organs		All Organs: Economics & Ethics
All Organs		Psychosocial and Treatment Adherence
All Organs		Tolerance
All Organs		All Organs: Public Policy & Allocation
All Organs		All Organs: Disparities to Outcome and Access to Healthcare I
All Organs		All Organs: Disparities to Outcome and Access to Healthcare II
All Organs		All Organs: Pharmacogenomics / Pharmacokinetics
All Organs		All Organs: Organ Preservation/Ischemia Reperfusion Injury
All Topics		Late Breaking Abstracts
All Topics		Young Investigator Mini-Oral Session
