

ATC 2020
Abstract Categories

Cat ID	Category Name
Administrative	Quality Assurance Process Improvement & Regulatory Issues
Basic & Clinical Science	VCA
Basic Science	Acute Rejection
Basic Science	Antigen Presentation / Allorecognition / Dendritic Cells
Basic Science	B-cell / Antibody / Autoimmunity
Basic Science	Biomarker Discovery and Immune Modulation
Basic Science	Endothelial Cell Biology
Basic Science	Histocompatibility and Immunogenetics
Basic Science	Immunosuppression Preclinical Studies
Basic Science	Innate Immunity; Chemokines, Cytokines, Complement
Basic Science	Ischemia Reperfusion & Organ Rehabilitation
Basic Science	Islet Cell and Cell Transplantation
Basic Science	Lymphocyte Biology: Signaling, Co-Stimulation, Regulation
Basic Science	Cellular Therapies, Tissue Engineering / Regenerative Medicine
Basic Science	Tolerance / Immune Deviation
Basic Science	Xenotransplantation
Clinical Science	All Infections (Excluding Kidney & Viral Hepatitis)
Clinical Science	Biomarkers, Immune Assessment and Clinical Outcomes
Clinical Science	Deceased Donor Management and Intervention Research
Clinical Science	Heart and VADs: All Topics
Clinical Science	Kidney Acute Antibody Mediated Rejection
Clinical Science	Kidney Chronic Antibody Mediated Rejection
Clinical Science	Kidney Complications: Immune Mediated Late Graft Failure
Clinical Science	Kidney Complications: Non-Immune Mediated Late Graft Failure
Clinical Science	Kidney Deceased Donor Allocation
Clinical Science	Kidney Deceased Donor Selection
Clinical Science	Kidney Immunosuppression: Desensitization
Clinical Science	Kidney Immunosuppression: Induction Therapy
Clinical Science	Kidney Immunosuppression: Novel Regimens and Drug Minimization
Clinical Science	Kidney Infectious Non-Polyoma & Non-Viral Hepatitis
Clinical Science	Kidney Living Donor: Long Term Outcomes
Clinical Science	Kidney Living Donor: Other
Clinical Science	Kidney Living Donor: Selection
Clinical Science	Kidney Paired Exchange
Clinical Science	Kidney Psychosocial
Clinical Science	Kidney Technical
Clinical Science	Kidney: Acute Cellular Rejection
Clinical Science	Kidney: Cardiovascular and Metabolic Complications
Clinical Science	Kidney: Pediatrics
Clinical Science	Kidney: Polyoma
Clinical Science	Liver - Kidney Issues in Liver Transplantation
Clinical Science	Liver Retransplantation and Other Complications

ATC 2020
Abstract Categories

Cat ID	Category Name
Clinical Science	Liver: Hepatobiliary Surgery
Clinical Science	Liver: Hepatocellular Carcinoma and Other Malignancies
Clinical Science	Liver: Immunosuppression and Rejection
Clinical Science	Liver: Living Donors and Partial Grafts
Clinical Science	Liver: MELD, Allocation and Donor Issues (DCD/ECD)
Clinical Science	Liver: Pediatrics
Clinical Science	Liver: Portal Hypertension and Other Complications of Cirrhosis
Clinical Science	Liver: Recipient Selection
Clinical Science	Lung: All Topics
Clinical Science	Non-Organ Specific: Disparities to Outcome and Access to Healthcare
Clinical Science	Non-Organ Specific: Economics & Ethics
Clinical Science	Non-Organ Specific: Organ Preservation/Ischemia Reperfusion Injury
Clinical Science	Non-Organ Specific: Pharmacogenomics / Pharmacokinetics
Clinical Science	Non-Organ Specific: Public Policy & Allocation
Clinical Science	Non-Organ Specific: Viral Hepatitis
Clinical Science	Pancreas and Islet: All Topics
Clinical Science	Psychosocial and Treatment Adherence
Clinical Science	PTLD/Malignancies: All Topics
Clinical Science	Small Bowel: All Topics
Clinical Science	Surgical Issues (Open, Minimally Invasive):All Organs
Clinical Science	Tolerance: Clinical Studies
