

**ATC 2020 Programs
Selected for 2021 Congress**

Topic Category	2020 Program Title Selected for 2021 Congress
Kidney	Living Donor Selection Where to Draw the Line
Kidney	Novel Developments in Living Kidney Donation: Global and International Kidney Exchange
Kidney	Should We Abolish Cardiac Screening for Asymptomatic Kidney Transplant Candidates?
Kidney	How Low Can You Go? Assessing GFR in Living Kidney Donor Candidates
Kidney	The Executive Order on Advancing American Kidney Health: Pending Impact on Transplantation
Kidney	How Best to Optimize Deceased Donor Kidneys for Organ Transplantation in 2020?
Kidney	Blood Pressure Screening and Associated Outcomes in Living Kidney Donors
Kidney	Role of Genetic Testing in Potential Living Donor Candidates
Kidney	Kidney Paired Donation: Innovation and Evolution Leading to Improved Outcomes
Kidney	What's New in the KDIGO Clinical Practice Guideline on the Evaluation and Management of Candidates for Kidney Transplantation?
Admin	The Role of the US Federal Government in Solid Organ Transplantation
Basic Science/Immunology	Non-HLA Antibodies and Graft Rejection
Basic Science/Immunology	Checkpoints for B cells and Antibody Production
Basic Science/Immunology	Basic: New Roles of Secondary Immune Organs in Rejection
Basic Science/Immunology	Integrated Molecular Approach to Chronic Allograft Injury
Heart	Complex Thoracic Desensitization Cases: What makes Sense?
Heart	Don't Throw Them in the Bucket!!! Tricks of the Trade to Optimize Every Thoracic Donor Offer
HLA	ABO-Incompatible Transplantation from Glycoimmunology to Genetics
ID	Is the Microbiome a Therapeutic Target in Transplantation?
ID	Don't Give up HOPE: Evolving Standard Transplant Care for HIV Infected Patients
ID	Population Health Improves Transplant Outcomes
ID	Transplant Infectious Diseases
ID	Herpes Just Keeps Coming Back: How to Manage Difficult Herpes Virus Infections
Lung	Taking a Step Further: Ex Vivo Lung Perfusion: (EVLP): The Clinical, Therapeutic and Scientific Opportunities
Lung	Controversies in Candidate Selection for Cardiothoracic Transplantation
Liver	Risk Prediction in Low-MELD Patients - What is the best Personalized Therapeutic Approach?
Liver	Beyond Survival: When MELD isn't Enough
Liver	Mandatory Splitting of an Adult Liver Offer: Help a Child-Disadvantage an Adult?
Liver	When Does the Recipient Cross the Line?
Liver	Pediatric Liver Re Transplantation: Indications, Surgical Techniques and Outcomes
Liver	Above and Below the Diaphragm: Pulmonary Vascular Disease and Liver Transplantation
Liver	Evolution of Living Liver Donation in North America : 2020 and Beyond

**ATC 2020 Programs
Selected for 2021 Congress**

Topic Category	2020 Program Title Selected for 2021 Congress
Other	Artificial Intelligence and Machine Learning in Transplantation: The Promise, The Reality, and The (Scary?) Future
Other	Creating a Perfect Match: The Mentor-Mentee Relationship
Other	The Science, the Art, and the Allure of Transplantation
Pancreas	Expanding your Pancreas Transplant Program
Pancreas	Broader Distribution of Pancreata Should Require Fewer Pancreas Transplant Programs
Pancreas	The Multidisciplinary Approach to Total Pancreatectomy with Islet Auto Transplantation Patient Care
Pediatric	Recurrent Disease in Pediatric Transplantation
Pediatric	New Insights and Controversies in HLA Testing: Pro and Con Debate
Pediatric	Vaccinating the Unvaccinated Prior to Transplant: Challenges and Opportunities
Pediatric	When is a Combined Organ Transplant an Appropriate use of Organs in the Pediatric Recipient?
Pediatric	What is this spot on my.....? What Every Transplant Physician should know about Treating Skin Problems in Pediatric Transplant Patients
Pediatric	Biomarkers of Immune Status after Pediatric Kidney Transplantation - the Yin/Yang of Rejection Versus Infection
Pharmacy	Comprehensive Management in Multi-Organ Transplantation: It Takes a Village
Pharmacy	The Road Less Traveled: Experience with Unique Immunosuppression in Pediatric Transplantation
Pharmacy	Innovative and Effective Tools to Reduce Hospital Readmissions Post-Transplant from the Viewpoint of a Transplant Physician, Pharmacist and Advance Practice Provider
Pharmacy	Using Motivational Interviewing to Identify and Overcome Barriers to Adherence
Professional Development	ABCs of Transplant for the APPs
Professional Development	Looking Under the Hood of High Impact Research: From Idea to AJT Publication
Psychosocial and Ethics	Palliative Care & Solid Organ Transplantation: A Spectrum of Care
Psychosocial and Ethics	Reaching for the Elusive Brass Ring: Challenges Faced by Donor and Recipient Minorities when Accessing Transplant
Public Policy	US Organ Allocation - An Update
Public Policy	Implementing Successful Outreach and Telemedicine Programs in Transplantation: Breaking Down the Barriers
Small Bowel	Intestine Transplant: Strategies to Manage Disease Recurrence and Failure to Thrive
Small Bowel	Surgical Management Before and After Intestine Transplant – Timing is Everything
Small Bowel	When is Multivisceral Transplant Indicated and When can it be Avoided
Translational	Nanotherapeutics in Organ Transplantation: How close are We?
Translational	New Strategies for Organ Preservation - The Organ that came in from the Cold
Translational	Novel Imaging Techniques for Allorejection
Translational	The Infection Rejection Connection in Solid Organ Transplantation
VCA	Novel Strategies to Modulate Innate and Adaptive Immunity in VCA
VCA	VCA - Is there a way Forward to Standard of Care?
VCA	VCA - How to Select your Patient

**ATC 2020 Programs
Selected for 2021 Congress**

Topic Category	2020 Program Title Selected for 2021 Congress
Women's Health	Surgical Solutions to Sex-based Disparities in Transplant Access for Women
Women's Health	Uterus Transplantation - Meet the New Kid on the Block

ATC 2021

Targeted Topics for NEW Call for Programs Submissions

Topic Category	2021 Targeted Topics for New Program Submissions
Kidney	AMR
Kidney	TCMR
Kidney	Evaluating the young living donor
Admin	Challenges in administration of transplant programs in 2021: financial and/or regulatory
Admin	Defining a quality transplant program with removal of the CMS 1-year outcome metric
Admin	What is the appropriate OPO quality metric?
Basic Science/Immunology	Specific Targeted Topics Have Not Been Included
Heart	The role of antibodies and their treatment in cardiac transplantation
Heart	Candidate management in the era of the new heart allocation system
Heart	Heart transplant recipient management beyond the biopsy
Heart	Local (vs transplant center) procurement in thoracic transplantation
Heart	Role of frailty in defining candidacy for thoracic organ transplant
Heart	Use of mTORs in heart transplantation - who and when?
HLA	Specific Targeted Topics Have Not Been Included
ID	Specific Targeted Topics Have Not Been Included
Lung	LAS and allocation: time for an update?
Lung	Frailty and candidate selection, Frailty after lung transplant
Lung	Novel therapeutic options for CLAD
Lung	Use of CF modulator therapy after transplant
Lung	Microbiome and lung transplant outcomes
Liver	Living Donor Liver Transplant
Liver	Liver Pediatrics
Liver	The Evolving Role and Management of AMR in Liver Transplantation
Other	Social media in transplantation
Other	Big data in transplantation
Other	Precision medicine in transplantation
Other	Artificial Intelligence/Machine learning in transplantation
Pancreas	Specific Targeted Topics Have Not Been Included
Pediatric	Specific Targeted Topics Have Not Been Included
Pharmacy	Use/considerations for novel AMR therapies
Pharmacy	Collaborative practice agreements/extended use of PharmD/NPs/etc
Pharmacy	Biologics, biosimilars, and generics

ATC 2021

Targeted Topics for NEW Call for Programs Submissions

Topic Category	2021 Targeted Topics for New Program Submissions
Professional Development	Importance of Cultural Intelligence in the Transplant Profession and Patient Care
Professional Development	Negotiation and Conflict Resolution in the field of Transplantation
Professional Development	Managing Professional and Patient Intergenerational Challenges: When to Call, Text, Tweet or ????
Psychosocial and Ethics	Building / Evolving a Culturally Competent Transplant Program in 2021
Public Policy	Equity and Health Disparities in Transplantation
Public Policy	Processes to Assure Referral of Patients with End Stage Organ Disease for Transplant Evaluation
Public Policy	Effect of Race/Ethnicity on Clinical Risk Scores
Public Policy	Transgender Patients and Transplantation
Small Bowel	Specific Targeted Topics Have Not Been Included
Translational	Specific Targeted Topics Have Not Been Included
VCA	OPO Issues in facilitating VCA
VCA	Data Collection: ethics, data reporting, outcomes
VCA	Multidisciplinary Innovations in VCA
Women's Health	Specific Targeted Topics Have Not Been Included
